### Important note

Before purchasing cover please do read the Important Information and Insurer Key fact documents available online using the links provided by us

If you're unable to access our website and need printed copies, please contact us on:

0121 698 8000.

We recommend that you print and permanently retain a copy of these documents for future reference. We will not be able to proceed with your insurance cover until you have signed a declaration on the proposal or online form confirming that you have read these documents.

If you have any questions regarding the content of these documents we will be happy to discuss them with you. We believe that the Insurance Scheme for England Hockey Affiliated Clubs/Associations meets the demands and needs of a hockey club and other hockey associated organisations.

**Perkins Slade has worked with England Hockey to understand the insurance requirements of their members and can offer one policy with a menu of options providing flexible protection at competitive premiums.**

Covers available are summarised as follows :

**Liability Insurance Portfolio** provides protection from the consequences of claims against the organisation for injury, financial loss or damage to third party property, where negligence occurs. We ask you to consider the Limit of Indemnity required carefully. Liability policies have been extended to include Internet and Email protection (higher limits available on request) and Crisis Containment support.

**Employers Liability** protects the employer in the event of an injury to an employee or volunteer in circumstances where the employer is legally responsible.

Continued litigation reinforces the need for all sports organisations to have full and appropriate insurance protection. Without it you and your members could be held personally financially liable to compensate for losses for which you do not hold valid insurance.

**Personal Accident** pays a benefit should players suffer a serious injury. Additional benefits are also available for those requiring physiotherapy treatment or who are unable to work as a consequence of a "temporary" injury. Benefits can also be obtained for non-members taking part in your organised activities.

**Property/Assets** covers items belonging to the organisation, such as equipment including laptops, sport equipment, cups and trophies anywhere in the UK. If you need Insurance for buildings or Contents at higher limits please contact us so that we can discuss your requirements.

**Legal Advice & Expenses** provides the committee / officers with access to 24 hour legal advice and also pays legal costs in relation to the "commercial" aspects of the Policyholders activity.

The shaded areas of the table indicate cover provided by this policy which are not generally provided by a standard Public Liability policy.

### *Management Liability and Abuse claims are costs inclusive*

The Limit of Indemnity is the maximum amount of damages insurers will pay in relation to the settlement of a claim. Once the limit is exceeded they will relinquish control and be under no further liability, leaving the organisation and its members to fund any difference in cost.

Settlements for personal injury claims within sport have exceeded £5 million. In our experience these awards reflect the cost of long-term care for claimants who have become disabled as a result of serious injury, and include incidents that have occurred at recognised/authorised social events

We recommend that the committee/board seriously consider purchasing the higher limit of £10 million.

The limit of indemnity can be extended from £5 million to £10 million (inner limit of £7.5 million in respect of Abuse) by opting to purchase an Excess of Loss cover of £5 million. If you require amounts in excess of £10 million please contact us.

### Important

The Liability Insurances (with the exception of Employers Liability) is provided on a "claims made" basis. It is essential that any claims or circumstances that might give rise to a claim are notified during the policy period in accordance with the terms of the policy wording otherwise the right for indemnity under this insurance will be forfeited

### Advice from England Hockey

England Hockey strongly recommends that all coaches are insured as an individual or through a club.

Insurance should reflect the activities you undertake as a coach within the guidance of your level of qualification or accreditation.

It is also recommended that no coach except those accredited at UKCC Level 2, EH Sessional Coach or EH Coach or above, should coach independently i.e. unsupervised.

A Level 1 coach or coach who has attended a GB Coaching Club workshop or Introduction to Hockey Coaching should continue to provide instruction under the supervision of a Level 2, EH Sessional Coach, EH Coach or above and can organise and supervise game play.

[More information can be found on the England Hockey website >](#)

Safeguarding of Children and Vulnerable Adults is of key importance. Regrettably, incidents of abuse, emotional, physical, sexual or neglect and bullying are occurring within the world of sport and Insurers generally have been reviewing their position on the extent of cover available to organisations in respect of child abuse.

In order to continue providing clubs and associations with abuse cover you must commit to following good practice by signing up to England Hockey's '[Safeguarding and Protecting Young People in Hoc key Policy and Procedures](#)'. Any clubs or associations affiliating to England Hockey are agreeing to follow these policies and procedures.
